

Ningbo Xindongqi Industry and Trade Co., Ltd.

Ningbo Xindongqi Industry and Trade Co., Ltd. is a professional ergonomic smart office home brand integrating R&D, design, manufacturing, sales and after-sales service. At present, the company has declared 21 patents (high-tech enterprises are in the process of declaration), and the products under the brand mainly include the following categories; electric lifting tables, desk tables, children's lifting tables, children's health chairs, courtyard outdoor furniture, monitor brackets and other products; The head office mainly produces auto parts (automatic stamping and automatic welding), OEM Japanese well-known brand shelf carts, non-standard customized parts, etc. We have always been committed to the research and development and design of high-end smart home products, rigorous quality control process, and business philosophy centered on customer health needs, to create comfortable, healthy and smart ways of living, learning and working for users.

1. [Children Desks](#)

Learning desks and chairs specially designed for children can accompany children in every period of their growth. In view of the rapid growth of children's bodies, this product is designed with a mechanical stepless

lifting structure, which can be adjusted to a suitable height at any time with the change of children's height. The ergonomic children's chair fits the child's spine curve, which can correct bad sitting posture and protect the child's body. The reversible tabletop allows children to form a more harmonious line of sight with the tabletop when drawing, reading, and writing. The large-capacity storage space is fully sufficient for daily use needs.

2. [Desk Converters](#)

The RXT1 is an ergonomic, pneumatic desktop converter with a highly separated monitor and keyboard tray. Pneumatic lift function provides smooth stepless lift. A spacious table top with card slots keeps your things organized. The curved keyboard tray design makes you have a

more comfortable office experience.

3. [OUTDOOR PATIO FURNITURE](#)

This product is suitable for use in outdoor places such as farmhouses and courtyards. The frame has a unique bamboo structure design, beautiful appearance and stable structure. The mat is mainly made of linen and sponge materials, which are soft and comfortable, UV-resistant, and can quickly restore to dry state after rain. The top of the coffee table is made of tempered frosted glass, which is elegant and durable.
